Re: Patent Application 10/800,608

Dear Ms. Leith:

Pursuant to our telephone conversation last week with you, please find enclosed herewith an Affidavit of Stephen T. Carney outlining the facts regarding the publication of our study. Also, please provide us with any additional requirements you are requesting from him to prove that the Study is NOT prior art. Finally, as we discussed, you have dropped your rejection based on the Muldoon article as prior art.

Please contact Mr. Carney at your earliest convenience with any questions or additional items you may require so we can proceed with obtaining patent protection for NCB.

Thank you for your anticipated cooperation in this matter.

Respectfully

Jack J. Vultaggio, Jr.  
Secretary General
